SOURCE

A state of emergency has been declared in Bolivia as a result of a general strike by teachers and students which began on the morning of 15 May. The situation was quiet, but the army was prepared to assume control of all public services in the event of violence. Government officials believed that factory workers might join the strike.

This document is hereby regraded to CONFIDENTIAL in accordance with the letter of 16 October 1973 from the Director of Central Intelligence to the Archivist of the United States.
